Attach a map of where the culvert is to be located for preliminary review. Please place stakes on the property so a visual review can be completed. A fee of \$25.00 must accompany the application before a permit will be issued.

This permit does not authorize boring beneath a Town roadway. All work is to be performed to the approval of the Town Board. The culvert must be corrugated steel construction and can not have straight walls. The surface of the driveway shall slope down and away from the road shoulder to allow water drainage from the driveway. The work needs to be completed in 120 days from the permit issued date.
